## Band 1 List Equipment

### Band 1 Substitutes

- Equipment on the Band 1 List may be substituted for a similar product with essentially the same form and function
- Where a substitute item is available from the stores, this will be issued first rather than buying new. As this is an automated process there is no ability to select an exact item.
- If an exact Band 1 item is required and no substitute is acceptable, please complete via a Band 2 application with rationale to ensure exact item.
